In order to encourage participation by as many amateur as possible, we ask that you select your shift before the day of the event. You can do this by sending an e-mail to ve9cel@rogers.com and letting him know which block of time you wish to register for. You can also register during the Moncton UHF net and Moncton 2 meter net of June 9 and June 16, 2013. You can choose as many blocks as you wish, you can even choose to share you blocks with others. The final schedule and block assignment will be decided on first come first serve basis.
